Reference previous correspondence concerning Dr. Mured FERID, and in particular S.C.I. Munich's report dated 23.7.45, you will find attached herewith a photograph of an Afghan national named Abdul Ghani Khan, who has recently been located at Kitzbühl, Austria.

We should be much obliged if you could arrange for FERID to be shown this photograph and asked to state whether or not it is a photograph of the Abdul Ghani who was recruited by Dr. WAGNER & WENDEL in 1944 for a mission to India and who came under FERID's control when WAGNER was posted to Leitstelle II West in the Autumn of 1944.

The subject of this photograph has told a story which seems inconsistent in certain respects with the information given by FERID. Before interrogating Abdul Ghani Khan further we are anxious to be quite certain that he is identical with the Abdul Ghani referred to by FERID.

It would be of great assistance if you could send us a priority cable as soon as FERID's answer to this question has been obtained.
